Subject Notice of File Closure, Western Clay Company, Star Range Dolomite, S/001/0065, Beaver County, Utah

Dear Mr. Boyter:

The Star Range Dolomite small mining permit, file number S/001/0065, located in Beaver County, Utah, will now be closed and the file retired.

A site inspection was performed on July 22, 2008, and it was determined that the site has been satisfactorily regraded but not adequately revegetated. The reclamation surety of \$6000.00 held under a mineral material sale by the BLM was released November 18, 2005. This left the Division with the option of requiring the operator to amend the soils on site and reseed. This work was completed, and the Division received documentation that six men spent a day spreading manure and reseeding the area on October 30, 2008.

You are hereby released by the Division from further reclamation responsibilities at this site. If you wish to conduct any future mining related activity in this area, you will need to submit a new Notice of Intention and reclamation surety to the appropriate agency(ies), prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5261 or Tom Munson (lead) at (801) 538-5321. Thank you for your time and consideration in completing the required reclamation on this project.

Sincerely,

Paul Baker
Minerals Mining Manager
